

Biotechnet XVIII International Summer School on Advanced Biotechnology

September 02–04.2024
Wädenswil, Switzerland

Biotechnet is proud to announce the 18th Annual International Summer School on Advanced Biotechnology. This year's edition will be hosted by the Zurich University of Applied Sciences in Wädenswil.

Sponsorship and Exhibition Opportunities

Now in its 18th edition, the International Summer School on Advanced Biotechnology is a three-day event that brings together students and scientists from academia and industry. The Summer School provides students with introductory presentations on key topics and application challenges of biotechnology, covering the broad range of subjects in advanced biotechnology.

Topics presented will include:

- Biocatalysis and Biosynthesis
- Drug Development, Drug Delivery and Nanotechnology
- Diagnostic and Analytical Technology
- Food Biotechnology

This presents an excellent chance for companies to demonstrate their Biotechnology-related endeavors, undertakings, offerings, and prominent standing by participating as sponsors and exhibitors. This can include a description of your site, focus of your activities, and career paths inside your organization.

The money from sponsorships is used to cover conference costs (such as student meals) and/or a portion of student travel expenses.

Each participating school will invite about 10-20 students to attend and several professors to present. Professors and students from the listed institutions will have the chance to stay informed about the most recent advancements in biotechnology, fostering connections, broadening their professional networks and interact with the industrial partners.

Participating Schools: FHNW, HES-SO, MCI the Entrepreneurial School and its Ulysseus Network of European Universities (Univ. of Genoa, Cote D'Azur, Seville, Kosice and Haaga-Helia), University of Bern, University of Freiburg i.B., University of Palermo, University of Zürich, ZHAW

Terms and Conditions of Sponsorship and Exhibition

By submitting this form, you are entering into a contractual agreement with the event organizer and agree to the following conditions. Deadline for sponsor and exhibitor sign-up is April 30, 2024. Acceptance of applications for sponsors and exhibitors is at the discretion of the organizers. If you find it necessary to cancel your sponsorship package, please contact our team immediately by email. A cancellation penalty of 50% of the total charge applies, provided that written notice is received. A cancellation penalty of 100% applies if received 60 days or less prior to the first open day of the conference. Payment must be made in advance of the conference and is non-refundable according to the above cancellation terms. You will be provided with confirmation of your booking, along with deadlines for logos. The exhibition contract constitutes a license to exhibit and not a tenancy. The organizer reserves the right at any time and from time to time to make changes to the exhibition floorplan as may be necessary in the best interests of the exhibition and to alter the shape, size or position allocated to the exhibitor. Sponsors/exhibitors shall not be entitled to withhold payment of any amounts payable to the organizer in relation to the exhibition or sponsorship package by reason of any dispute or claim by the Exhibitor or Sponsor in connection with the exhibition/sponsorship package or otherwise, nor shall the Sponsor be entitled to set off any amount which it is alleged is payable or due from the Organizer against any amount payable to the Organizer in relation to the sponsorship package. Exhibitors are responsible for their own insurance for the event. Exhibitors are responsible for transporting their materials to the exhibition area and setting up their booth on time on their own.
